## **Gin /jin/ (noun)**

A strong colourless beverage made from distilled rye and grain. Once indulged, one might do things they normally may not do... and have a great time doing them.

## **Whiskey /'wiski/ (noun)**

A spirit distilled from malted grain and transformed into liquid sunshine, is known as the water of life. It has been said that what whiskey won't cure, there is no cure for.

*If cocktails, gins and whiskeys don't tickle your fancy, ask to see Bistro Mosman's wine list*
